MOTOR VEHICLE TRANSPORT ACT, 1987

MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS:

The following are applications for extra-provincial truck transport operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These Applicants have been found to meet the fitness requirements pursuant to Section 8(2) of that Act and the provincial transport board for Ontario proposes to issue the licences if no objection is served on the Applicant and filed with the Registrar of Motor Vehicles with the prescribed filing fee, within twenty-nine days of this publication.

EXTRA-PROVINCIAL APPLICATIONS:

NOTE: Where the application is for a licence other than a corridor operating authority, an interested person who serves and files an objection must also provide the Ontario Highway Transport Board with written evidence, within thirty-nine days of this publication that satisfies that Board that, in the absence of evidence to the contrary, the operation of the undertaking in respect of which the licence is sought would likely be detrimental to the public interest.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

MOTOR VEHICLE TRANSPORT ACT, 1987

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves

on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 498/89.

Exemption—Ministry of Natural Resources—MNR-52/3.

Made—June 1st, 1989.

Approved—June 1st, 1989.

Filed—September 6th, 1989.

ORDER MADE UNDER THE
ENVIRONMENTAL ASSESSMENT ACTEXEMPTION—MINISTRY OF NATURAL
RESOURCES—MNR-52/3

Having received a request from the Ministry of Natural Resources that an undertaking, namely:

The activity of implementing the Ministry of Natural Resources' Cottage Lot Development Program, including:

1. the implementation of any
 - (i) Lake Management Plans, and/or
 - (ii) River Cottaging Plans;
2. the provision of road access, access points, common docks and solid waste disposal facilities; and
3. the disposition of Crown land for cottage development,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Ministry of Natural Resources will be interfered with by a delay in carrying out management programs to which the Crown has made public commitments and which have no significant negative effects on the environment.

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The Ministry of Natural Resources, through public consultation, has developed District Land Use Guidelines which provide direction for determining areas to be considered for cottage development.

- B. The Ministry of Natural Resources has a management planning process for lakes and rivers which considers:

- (i) development and evaluation of alternative cottage lot and subdivision management plans;
- (ii) the option of no development;
- (iii) economic, social and environmental impacts;
- (iv) public consultation;
- (v) input from other government agencies; and
- (vi) periodic reviews of lake and river management plans.

- C. The Ministry of Natural Resources processes Crown land subdivision development plans in accordance with procedures for private land subdivision proposals established under section 50 of the *Planning Act, 1983*.

- D. The cottage lot programs provide a service to the people of Ontario in areas where this demand is not now fulfilled by the private sector.

- E. No significant negative environmental impacts or other public concerns have been identified with the cottage lot program which was carried out between 1974 and 1982, and from 1987 to the present.

- F. The exemption will provide for early implementation of Ministry of Natural Resources' Northern Competitiveness Initiatives to increase the use of Crown land as a development tool. A market demand study for cottage lots in Northern Ontario has been carried out on behalf of the Ministry of Natural Resources which will provide the basis for developing the long term direction for the Cottage Lot Development Program and for determining the future methods for complying with the *Environmental Assessment Act*.

- G. The Ministry of Natural Resources requires additional time to complete the review of the Cottage Lot Development Program and the lake and river management planning process, both of which are required in order to determine the future methods for complying with the *Environmental Assessment Act*.

This exemption is subject to the following terms and conditions:

1. The Cottage Lot Development Program will be carried out in accordance with:

- (a) the Ministry of Natural Resources' "Interim Lake Planning Guidelines", 1977;
- (b) the Ministry of Natural Resources' "River Cottageing Guidelines", 1982; and
- (c) the Ministry of Natural Resources' "Policy for Cottage Lot Development Program", dated March 11, 1987,

as amended from time to time, and shall only include activities carried out for the purposes of creating, developing and servicing lots referred to in condition 10.

- 2. New cottage lots shall only be created in accordance with the procedure under section 50 of the *Planning Act, 1983*, as amended from time to time, which, for purposes of this order, shall be treated by the Ministry of Natural Resources as though the Act bound the Crown.
- 3. The Ministry of Natural Resources shall provide the Environmental Assessment Branch of the Ministry of the Environment and the Strategic Policy Branch of the Ministry of Tourism and Recreation with:
 - (a) any amendments to the list of approved lake and river plans related to this undertaking which are intended to be implemented during the term of this order and which was submitted under the previous orders MNR-52 or MNR-52/2, within thirty days of the list being amended by MNR; and/or
 - (b) the names of the lakes and rivers for which new plans will be formulated prior to the commencement of the lake and river planning process.
- 4.—(1) A copy of each lake and river plan, once it is approved by MNR, shall be made available to the public for examination at the appropriate District Office of the Ministry of Natural Resources at least forty-five days before implementation commences, and, in any event, prior to the submission of a draft plan of subdivision, or the commencement of construction of an access road, access point, common dock or solid waste disposal facility.
- (2) A summary of each plan to be implemented will be forwarded to the Environmental Assessment Branch of the Ministry of the Environment and the Strategic Policy Branch of the

Ministry of Tourism and Recreation no later than the date the plan is required to be made available at the District Office, to be kept with the records of environmental assessments and made available to the public in the same way as these records.

- 5. Where the Minister of the Environment, after consultation with the Minister of Natural Resources, determines that a proposed activity warrants an environmental assessment, the Minister of the Environment may, by written notice to the Minister of Natural Resources which outlines his reasons,
 - (1) direct that an environmental assessment be prepared for the proposed project, in which event the project will not be exempt under this order; or
 - (2) give notice that he is considering the application of subcondition 5 (1) to the proposed project.
- 6. Where the Minister of the Environment has given written notice to the Minister of Natural Resources under subcondition 5 (2), the MNR shall not implement the project until forty-five days have elapsed from the giving of notice or the Minister of the Environment gives written notice to the Minister of Natural Resources that it is not proposed to require an environmental assessment, whichever occurs first.
- 7. The Ministry of Natural Resources, as part of its lake and river planning process, shall comply with the conditions of approval of the Class Environmental Assessments for Access Points and Docks, and Access Roads to MNR Facilities, approved on April 1, 1982, and the Class Environmental Assessment for Solid Waste Disposal, approved on April 6, 1984, or any subsequent approval that is provided for the undertakings described in these Class Environmental Assessments.
- 8. Where an environmental assessment is submitted for a lake or river plan, that plan shall be deemed to be a separate undertaking not exempt by this order.
- 9. During the term of this order, the Ministry of Natural Resources shall conduct a review of the Interim Lake Planning Guidelines and the River Cottageing Guidelines to ensure that these guidelines take into account the concerns of government ministries and agencies. These guidelines shall be circulated by the Ministry of Natural Resources for review to all those government ministries and agencies which are normally involved in the Gov-

ernment Review under the *Environmental Assessment Act*.

10.—(1) The Ministry of Natural Resources shall offer no more than 350 new Crown lots under this order to the public in each year of the term of this order.

(2) Notwithstanding subcondition 10 (1), any cottage lot which was offered to the public in any previous year, and which was not disposed of in that year, or which was disposed of but has reverted back to the Crown, may continue to be offered to the public and disposed of during the term of this order. Such lots shall not constitute part of the 350 lot limit in any year subsequent to the year of initial offering.

11. Each lot disposed of by the Ministry of Natural Resources under this order shall be able, either in a natural or an engineered state, to support a Class 4 sewage system, as defined in Ontario Regulation 374/81 under the *Environmental Protection Act*.

12. A copy of the guidelines and policy referred to in condition 1, the amendments to the list and the names of lakes and rivers referred to in condition 3, the summary referred to in condition 4, and any notice referred to in condition 5, 6, 14 (2) or 15 shall be kept in the public records maintained under section 31 of the Act by the Environmental Assessment Branch;

13. The Ministry of Natural Resources, in consultation with the Ministry of the Environment, shall determine and document the most appropriate method for long term compliance with the *Environmental Assessment Act* for this program, and shall submit a letter which outlines an agreement for the proposed method, which is satisfactory to the Ministry of the Environment, by July 31, 1989.

14.—(1) If the Ministry of the Environment has not issued a notice in writing to the Minister of Natural Resources, referring to this subcondition, by the 31st day of October, 1989, stating that the agreement referred to in condition 13 is satisfactory, this order shall expire on that date.

(2) Notwithstanding subcondition 14 (1), this order expires December 31, 1989, except that the Minister of the Environment, taking into consideration, but not limited to the agreement referred to in condition 13, and, upon

request of the Minister of Natural Resources, may, by written notice to the Minister of Natural Resources referring to this subcondition, extend the expiry date to, but not beyond, December 31, 1990.

15.—(1) A copy of this order, along with the list of terms and conditions of approval, shall be distributed by MNR to all MNR Regional and District Offices.

(2) MNR shall provide to the Director of the Environmental Assessment Branch of MOE a copy of all bulletins which direct their field organization in the application of this order.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF NATURAL RESOURCES—MNR-39/7

Having received a request from the Ministry of Natural Resources that an undertaking, namely:

The activity of implementing projects under the Ministry of Natural Resources Special Employment Programs which consist of:

3. Fisheries and Wildlife Special Employment Work Program
4. Conservation Authorities Sector Special Employment Work Program
5. Provincial Parks Sector Special Employment Work Program,

Having been advised by the Minister of Natural Resources that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Crown and the public will be damaged because the objective of short-term job creation may be impeded by taking time for preparation and submission of an environmental assessment for this undertaking.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

- A. The program is short-term with projects to be completed by April 30, 1990.
- B. The prime objective of the program is aimed at providing short-term job opportunities for people who are currently unemployed.
- C. This order exempts only those projects which are carried out under the program which forms part of the undertaking and does not exempt similar projects undertaken as part of the normal operations of the Ministry of Natural Resources.
- D. The Ministry of Natural Resources has submitted to MOE a Class Environmental Assessment for Small Scale MNR Projects which will incorporate for approval under the *Environmental Assessment Act* the Special Employment Programs which are the subject of this order.

- any related projects.

This list and information will be revised and forwarded to the Environmental Assessment Branch as additional projects are proposed and approved, or deleted.

2. Where a project exempted by this order is the same as an undertaking for which a Ministry of Natural Resources' Class Environmental Assessment has been submitted and approved, that project shall be carried out in accordance with the applicable Environmental Quality Guidelines and Environmental Quality Implementation Handbook.
3. This exemption order expires on April 30, 1990, or such later date as the Minister of the Environment may specify by notice in writing to the proponent and in *The Ontario Gazette*. O. Reg. 499/89.

MOTOR VEHICLE TRANSPORT ACT, 1987

MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS:

The following are applications for extra-provincial truck transport operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These Applicants have been found to meet the fitness requirements pursuant to Section 8(2) of that Act and the provincial transport board for Ontario proposes to issue the licences if no objection is served on the Applicant and filed with the Registrar of Motor Vehicles with the prescribed filing fee, within twenty-nine days of this publication.

EXTRA-PROVINCIAL APPLICATIONS:

NOTE: Where the application is for a licence other than a corridor operating authority, an interested person who serves and files an objection must also provide the Ontario Highway Transport Board with written evidence, within thirty-nine days of this publication that satisfies that Board that, in the absence of evidence to the contrary, the operation of the undertaking in respect of which the licence is sought would likely be detrimental to the public interest.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

MOTOR VEHICLE TRANSPORT ACT, 1987

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes

out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

MOTOR VEHICLE TRANSPORT ACT, 1987

MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS:

The following are applications for extra-provincial truck transport operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These Applicants have been found to meet the fitness requirements pursuant to Section 3(2) of that Act and the provincial transport board for Ontario proposes to issue the licences if no objection is served on the Applicant and filed with the Registrar of Motor Vehicles with the prescribed filing fee, within twenty-nine days of this publication.

EXTRA-PROVINCIAL APPLICATIONS:

NOTE: Where the application is for a licence other than a corridor operating authority, an interested person who serves and files an objection must also provide the Ontario Highway Transport Board with written evidence, within thirty-nine days of this publication that satisfies that Board that, in the absence of evidence to the contrary, the operation of the undertaking in respect of which the licence is sought would likely be detrimental to the public interest.

Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

MOTOR VEHICLE TRANSPORT ACT, 1987

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle

Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

2.—(1) This Regulation applies to a public board in each of the first ten years or for the remainder of the ten-year period that commenced with the year in which a separate school board that is coterminous with the public board elects, with the approval of the Minister, to perform the duties of a secondary school board.

(2) This Regulation does not apply to a public board that has entered or enters into an agreement within the meaning of subsection 136-1 (1) of the Act with respect to the designation of persons.

(3) This Regulation does not apply where a public board has part of the same area of jurisdiction as a Roman Catholic school board as a result of the fact that a separate school zone that comprises part of the county or district combined Roman Catholic school

board for which the Roman Catholic school board was established has a centre that is situate within 4.8 kilometres of the boundary of the public board and is not situate within the area of jurisdiction of the public board.

(4) Nothing in this Regulation prevents a public board that has jurisdiction in an area that is also the area or part of the area of jurisdiction of two or more Roman Catholic school boards from having an agreement within the meaning of subsection 136-1 (1) of the Act with one or more of the Roman Catholic school boards with respect to the designation of persons under section 136-1 of the Act while at the same time dealing with one or more of the Roman Catholic school boards under this Regulation.

(5) Each public board that operates a school or class under Part XI of the Act shall make the determinations and designations required to be made under this Regulation separately for,

- (a) the French-language schools and classes operated by it under Part XI of the Act; and
- (b) all schools and classes other than those referred to in clause (a) that it operates. O. Reg. 509/89, s. 2.

3. If a school operated by a public board under Part XI of the Act is transferred to a Roman Catholic school board and the transfer is approved by the Minister, the public board shall designate all persons employed in the school under section 136-1 of the Act. O. Reg. 509/89, s. 3.

4.—(1) For the purpose of determining the persons that it shall designate under section 136-1 of the Act, every public board shall, on or before the 30th day of April in each year, identify,

- (a) the number of positions that it believes will not be required in the next following school year because of the anticipated enrolment shift; and
- (b) by seniority, the persons who in accordance with its agreements or board policy are surplus to the needs of the board because of the anticipated shift of enrolment.

(2) In identifying persons under clause (1) (b), each person who is employed on a part-time basis shall be counted towards the number of persons to be identified only to the proportion of a full-time employee that the person represents.

(3) The number of persons identified under clause (1) (b) shall be equal to or shall differ by less than one from the number of positions determined under clause (1) (a).

(4) The public board, on or before the 30th day of April in each year, shall provide to each of the parties with which it has agreements in respect of persons in its employ and to each Roman Catholic school board that is coterminous with the public board, a list of the names and positions of all persons identified under clause (1) (b). O. Reg. 509/89, s. 4.

5.—(1) Every Roman Catholic school board shall, on or before the 30th day of April in each year, provide to each public board that is coterminous with the Roman Catholic school board, a list of the positions for persons that are expected to be vacant in the Roman Catholic school board in the following school year.

(2) A public board that receives a list under subsection (1) shall forthwith make the list known to all persons in the employ of the public board.

(3) A person employed by a public board may volunteer to transfer in accordance with subsection 6 (1) to the Roman Catholic school board to fill a vacant position identified under subsection (1), whether or not the person is identified according to clause 4 (1) (b). O. Reg. 509/89, s. 5.

6.—(1) Every public board shall designate each year in accordance with section 136-1 of the Act the number of persons identified under clause 4 (1) (a) according to the following rules:

1. Designate persons identified under clause 4 (1) (b) who are willing to transfer voluntarily to the Roman Catholic school board to fill the vacant positions identified under subsection 5 (1).
2. If there are vacant positions remaining to be filled after designating the persons referred to in paragraph 1, in order of seniority, designate the persons who have volunteered under subsection 5 (3).
3. If there are positions remaining to be designated after designating the persons referred to in paragraphs 1 and 2, designate, in accordance with the public boards agreements, board policy or an understanding with its employees or their authorized representatives, from the persons identified under clause 4 (1) (b), a number of persons equal to the remaining number of positions identified under clause 4 (1) (a).

(2) A designation under paragraph 2 of subsection (1) shall only be made if the designation of the person leaves open a permanent position with the public board that is filled by a person identified under clause

4 (1) (b) who has not volunteered to fill a vacancy in the Roman Catholic school board. O. Reg. 509/89, s. 6.

7. Each public board shall provide, within thirty days of receiving the list of vacant positions for persons in the Roman Catholic school board, to each Roman Catholic school board that is coterminous with the public board a list,

- (a) of all persons who have been identified under subsection 4 (1) who are willing to transfer voluntarily to the Roman Catholic school board to fill the vacant positions of persons in the Roman Catholic school board; and
- (b) showing each person, in addition to those persons referred to in clause (a), who is willing to transfer voluntarily to the Roman Catholic school board to fill a vacancy in the Roman Catholic school board. O. Reg. 509/89, s. 7.

8. Each public board that makes a designation under this Regulation and each Roman Catholic school board that is coterminous with the public board shall provide a list of persons so designated to each of the parties with which it has agreements in respect of persons in its employ. O. Reg. 509/89, s. 8.

9.—(1) If a position with a public board becomes vacant within the year in which a person is designated under section 5, up to and including the 31st day of May in the year next following, and no person employed or eligible to be employed under the recall provisions of a collective agreement with the public board in respect of persons is available to fill the position, the public board shall offer the right of first refusal with respect to the position to the designated person with the greatest seniority who is qualified to fill the position.

(2) If the person with the greatest seniority refuses or cannot fill the position referred to in subsection (1),

- (a) the position shall be offered to other designated persons with the qualifications to fill the position in descending order of seniority until the position is filled or there are no more designated persons; and
- (b) the public board shall not be obligated to continue offering positions to that person.

(3) If a person accepts an offer referred to in subsection (1), the Roman Catholic school board shall transfer the employment contract of the person to the public board and the public board shall treat the employment contract of the person as if the person had never left the employ of the public board.

(4) If a person accepts an offer referred to in subsection (1), the public board shall allow the Roman Catholic school board a reasonable length of time in the cir-

circumstances to fill the vacancy thus created before requiring the transfer of the person.

(5) If, as a result of a person accepting an offer referred to in subsection (1), a position becomes vacant in the Roman Catholic school board and there are still persons unemployed who were identified in accordance with clause 4 (1) (b), the public board may designate the next person identified under clause 4 (1) (b) to fill the position. O. Reg. 509/89, s. 9.

10. If a person files an objection under subsection 136-1 (10) of the Act and the public board is of the opinion that the objection is made in good faith, the public board may designate another person in place of the person making the objection, in accordance with its agreements in respect of such persons or board policy. O. Reg. 509/89, s. 10.

MOTOR VEHICLE TRANSPORT ACT, 1987

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

MOTOR VEHICLE TRANSPORT ACT, 1987

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

Workers' Compensation Board of Ontario

IN THE MATTER OF Section 86p(14) of the
Workers' Compensation Act,
R.S.O., 1980, c. 539, as amended:

AND IN THE MATTER OF the recommendations of
the Industrial Disease Standards Panel in its
First Report to the Workers' Compensation
Board on Certain Issues Arising from the
Report of the Royal Commission on Asbestos,

In 1980 the Government of Ontario appointed a Royal Commission to inquire into the use of asbestos in Ontario, to be chaired by Professor J. Stefan Dupré. The Royal Commission on Matters of Health and Safety Arising from the Use of Asbestos in Ontario (the "RCA") published its report in 1984 and made 117 recommendations, a number of which related to workers' compensation issues. The Board was in agreement with many of the RCA's recommendations and since 1984 has implemented these recommendations as either amendments to the Workers' Compensation Act or as changes in the Board's procedures.

On March 5, 1987 the Workers' Compensation Board requested the advice of the Industrial Disease Standards Panel (the "Panel") on several recommendations of the RCA which required further implementation. Specifically, the Board requested the advice of the Panel regarding:

1. Whether it would be appropriate to include asbestosis and mesothelioma in either of the disease Schedules under the Act and if so which Schedule?
2. The Panel's views of whether Schedule 3 incorporates all of those diseases whose associated industrial processes are necessary and sufficient to cause those diseases and whether other diseases should be incorporated into Schedule 3 or Schedule 4?
3. Whether in the Panel's view the Board should develop eligibility rules for the adjudication of asbestos related cancers and cor pulmonale and if so, would the Panel develop these eligibility rules?
4. The development of appropriate eligibility rules to indicate under what circumstances survivors would receive benefits.

Rather than restricting its comments to those issues raised by the Board, the Panel undertook a review of all of the Royal Commission's recommendations "which remain outstanding and which are within the Panel's mandate" (Panel Report No. 4). The Panel forwarded its "First Report to the Workers' Compensation Board on Certain Issues Arising from the Report of the Royal Commission on Asbestos" in September 1988.

On November 19, 1988 and in accordance with Section 86p(11) of the Act, the Board published the Panel report in The Ontario Gazette to enable interested parties the opportunity to comment on the report. The comment period ended on February 18, 1989 and eleven submissions were received by the Board.

The following constitutes the Workers' Compensation Board's response to the recommendations in the Industrial Disease Standards Panel's fourth report.

o WITH RESPECT TO PANEL RECOMMENDATIONS 1 AND 2:

Recommendation 1:

The Workers' Compensation Board should activate schedule 4 of the Workers' Compensation Act by entering in column 1 (the disease column) "asbestosis" and in column 2 (the process column) "any mining, manufacturing, assembling, construction, repair, alteration, maintenance or demolition process involving exposure to asbestos".

Recommendation 2:

The Workers' Compensation Board should further activate schedule 4 by entering in column 1 (the disease column) "mesothelioma, pleural and peritoneal" and in column 2 (the process column) "any mining, manufacturing, assembling, construction, repair, alteration, maintenance or demolition process involving exposure to asbestos".

The Board agrees that Schedule 4 should be activated and asbestosis and mesothelioma should appear in this Schedule. However, the Board believes that the manner in which these diseases are described in Schedule 4 should differ from that recommended by the Panel due to the irrebutable nature of the Schedule.

The Board believes that the entries set out in Schedule 4 should be clear, unambiguous and consistent with what is known regarding the biology of the disease. Thus, in response to recommendations 1 the Board will activate Schedule 4 and enter the following into Schedule 4:

. In the disease column enter:

"asbestosis, diagnosed in accordance with the current criteria of the American Thoracic Society."

and

In the process column opposite the entry for asbestosis enter:

"Any mining, manufacturing, assembling, construction, repair, alteration, maintenance or demolition process where there is a reliable history of exposure to airborne asbestos fibres at a level approximating at least 25 fibres/cc-years."

The exposure criterion of 25 fibres/cc-years is derived from an analysis by the RCA who concluded:

"At low levels of occupational exposure to asbestos the fibrotic process in the lungs, if indeed it can be initiated, will not likely progress to the point of clinical manifestation or even the mildest discomfort. On the basis of the available data, our best judgement as to the lifetime occupational exposure to asbestos at which the fibrotic process cannot advance to the point of clinical manifestation of asbestosis is in the range of 25 f/cc-yrs and below." (Report of the RCA page 281)

In response to recommendation 2 the Board will also enter the following into schedule 4:

. In the disease column enter:

"Primary neoplasm of the mesothelium of the pleura or peritoneum which was first diagnosed a minimum of 25 years since first occupational exposure to amphibole asbestos fibres and is histopathologically confirmed."

With respect to the issue of latency, the published literature indicates that the period between first occupational exposure to asbestos and death due to mesothelioma is usually well over 30 years, and is on average 35 to 40 years and can be as high as 50 years.

and

In the process column opposite the entry for mesothelioma enter:

"Any mining, manufacturing, assembling, construction, repair, alteration, maintenance or demolition process where there is a reliable history of airborne exposure to amphibole asbestos fibres."

There is currently much debate regarding whether chrysotile (serpentine) asbestos fibres can induce mesothelioma. The literature is not clear on this issue. Some researchers believe that mesothelioma in chrysotile workers may be due to tremolite asbestos fibre (amphibole group) impurities rather than by the chrysotile itself. Therefore, at this time the Board believes that an irrebutable presumption in favour of work-relatedness of mesothelioma should only be established for amphibole asbestos fibres. However, as discussed in the following, the Board will consider those workers who have serpentine asbestos exposure in Schedule 3.

In addition, to provide the benefit of a statutory presumption to those workers who do not meet the conditions set out in Schedule 4 the Board will expand Schedule 3 to include asbestosis and mesothelioma. Therefore, the Board will enter the following into Schedule 3:

. Enter in the disease column:

"asbestosis, diagnosed in accordance with the current criteria of the American Thoracic Society."

and

In the process column opposite the entry for asbestosis enter:

"any mining, manufacturing, assembling, construction, repair, alteration, maintenance or demolition process where there is a reliable history of airborne exposure to asbestos fibres."

. In the disease column enter:

"Primary neoplasm of the mesothelium of the pleura or peritoneum which was first diagnosed a minimum of 15 years since first occupational exposure to asbestos and is histopathologically confirmed."

With respect to the issue of latency the scientific literature indicates that asbestos induced mesothelioma normally requires a latency period of anywhere from 30 to 50 years and rarely occurs less than 15 years since first occupational exposure to asbestos fibres.

and

In the process column opposite the entry for mesothelioma enter:

"any mining, manufacturing, assembling, construction, repair, alteration, maintenance or demolition process where there is a reliable history of airborne exposure to asbestos fibres."

WITH RESPECT TO PANEL RECOMMENDATION 3 WHICH READS:

The Workers' Compensation Board should promulgate an eligibility rule pursuant to which survivors of deceased individuals who received partial disability awards for asbestosis shall be entitled to benefits if death resulted from asbestosis, mesothelioma, lung, laryngeal or gastrointestinal cancer.

Survivor benefits are awarded pursuant to Section 36 of the Workers' Compensation Act. In order for there to be eligibility for benefits under this section, the workers' death must have resulted from a work related injury. In this case "injury" includes industrial disease. This recommendation suggests that if a worker is in receipt of a permanent partial disability award for asbestosis and the worker dies as a result of one of the listed diseases the Board should deem these diseases to have resulted from the compensable asbestosis.

The Act requires that a causal connection between the asbestosis and any subsequent condition be established by the evidence before benefits may be granted. The Board cannot promulgate eligibility rules which are in conflict with the requirements of the Act. To implement this recommendation would require a legislative amendment.

For example, in the case of a worker who is in receipt of a partial disability award for asbestosis who subsequently dies from the compensable asbestosis the worker's dependent would receive compensation since the worker died of a work-related injury. The work-relatedness was established at the time the pension was awarded and thus part of this recommendation is currently in effect.

In regard to the other listed diseases, if a worker who is in receipt of a partial award for asbestosis subsequently dies of mesothelioma, lung cancer, laryngeal or gastrointestinal cancer the Board must first determine, based on the evidence, that the worker died of a work-related injury or disease. Thus, the Board adjudicates these claims using the current procedures regarding asbestos-related lung cancer or mesothelioma and taking into consideration that the presence of asbestosis is very strong evidence for overexposure to asbestos fibres. Confirmation of the cause of death and a plausible latency period must still be determined before a claim can be allowed.

The RCA provided the following rationale for their recommendation:

" Survivor benefits are invariably allowed where the victim of asbestosis died of this disease, or of mesothelioma, lung, laryngeal or gastrointestinal cancer, or cor pulmonale. While there is certain redundancy, given already existing Board guidelines, in naming all these immediate causes of death in the eligibility rule, we deem this desirable to ensure that the deceased claimant's survivors are fully informed." (RCA report, page 764)

Thus, one of the purposes for the eligibility rule as recommended by the RCA is to ensure that survivors are aware of the circumstances under which they may be eligible for benefits. Therefore, although the Board cannot promulgate the recommended eligibility rule it can ensure that survivors are aware of the circumstances under which they may be entitled to dependency benefits.

In regard to gastrointestinal and laryngeal cancers several of the comments received as a result of the Gazette notice question whether these diseases are caused by asbestos exposure and provide recent scientific publications in support of these views. Dr. Keith Morgan of the London University Hospital wrote: "In regard to gastrointestinal cancer, informed opinion now does not accept the association between gastrointestinal cancer and exposure to asbestos".

He went on to state that "the evidence incriminating laryngeal cancer and asbestos exposure is also debateable." Also, Mr. Garnet Garven, Chairman of the Saskatchewan Workers' Compensation Board stated that: "We would question the inclusion of gastrointestinal cancer in the presumption as indicated in Recommendation 3. The epidemiological evidence just does not exist." Dr. Sol E. Sax of Ontario Hydro also referred to a recent publication which questions whether asbestos causes gastrointestinal cancer.

In light of this evidence the Board intends to seek additional advice regarding its current position on the compensation of asbestos induced gastrointestinal and laryngeal cancer.

WITH RESPECT TO PANEL RECOMMENDATION 4 WHICH READS:

1. The Board should adopt a standardized form of communication with claimants which ensures:
 - (i) That all claimants for whom it is pertinent shall know that they have an explicit right to appeal and are informed of the procedures for launching an appeal (RCA 13.11, p. 769).
 - (ii) That all claimants whose disease is the subject of an eligibility rule shall have a copy of the pertinent eligibility rule. (RCA 13.11, p. 769).
2. "The Workers' Compensation Board should adopt a standardized procedures whereby:
 - (i) Recipients of partial disability/ impairment awards are informed of the rules pursuant to which their survivors may be eligible for benefits in the event of death; (RCA 13.12, p. 769)
 - (ii) In all instances where the Board has been unable to grant survivor benefits within one month of death, the claimant's survivors shall be notified that the matter is under adjudication, provided with the pertinent eligibility rules, and asked to bring forward any relevant information." (RCA 13.12. pp. 769-770).

The Board is in agreement with recommendation 4 regarding improved communication procedures with claimants. Procedures are already in place which address recommendation 4 1(i) and part of recommendations 4 1(ii) and 4 2(ii) and the Board will implement further procedures to ensure that all parts of this recommendation are implemented.

o WITH RESPECT TO PANEL RECOMMENDATION 5 WHICH READS:

The Workers' Compensation Board should respond to the following recommendation of the Royal Commission on Asbestos:

"The Workers' Compensation Board, by directive of the Corporate Board, should promulgate as a matter of Board policy a rule for determining the quantum of compensable physical and psychological impairment arising from asbestosis in claimants diagnosed by the Advisory Committee on Occupational Chest Diseases (ACOD)* as suffering from this disease.

- a) The rule should instruct the ACOD to assign such claimants to one of three classes of physical impairment defined by competent medical authorities as corresponding to mild, moderate, and severe respiratory impairment, and
- b) direct that the percentages to be used by the Claims Adjudication Branch for calculating awards for physical and psychological impairment be:
 - (i) Where the ACOD finds mild physical impairment, 30%;
 - (ii) Where the ACOD finds moderate physical impairment, 60%; and
 - (iii) Where the ACOD finds severe physical impairment, 100%." (RCA 13.1, pp. 750-751).

* Renamed the Occupational Chest Disease Review Committee (OCDRC) in 1987

The recommended classes of physical impairment for use in evaluating a claimant's degree of impairment due to asbestosis are based on the American Medical Association Guides to the Evaluation of Permanent Impairment (AMA Guides). The Board agrees that the AMA Guides constitute competent medical opinion and agrees that these classes should be used in the determination of a worker's degree of impairment caused by asbestosis.

In 1988 the AMA published a revised and updated edition of their guide¹ and the Board will use the new guide in the adjudication of asbestosis claims.

With respect to the automatic allowance for psychological impairment the Board agrees that asbestotics should receive compensation for psychological impairment where psychological sequelae are present. However, the Board believes that an automatic allowance may not adequately address each individual worker's particular circumstances. Therefore, the Board will implement procedures whereby workers who are granted compensation for a work-related disease which is chronic, progressive and life-shortening in nature will be assessed for psychological impairment.

WITH RESPECT TO PANEL RECOMMENDATION 6 WHICH READS:

The Workers' Compensation Board should respond to the following recommendations of the Royal Commission on Asbestos:

1. "The Corporate Board should promulgate a rule applicable to the procedural adjudication of asbestosis claims which stipulates that a physician of the Medical Services Division is to refer such claims to the Advisory Committee on Occupational Chest Diseases unless, in the opinion of the physician subject to check by the Claims Review Branch, the claim is deemed frivolous." (RCA 13.4, pp. 753-754).
2. "The Corporate Board should increase the membership of the Advisory Committee on Occupational Chest Diseases (AC OCD) to not fewer than twelve physicians recommended by the Executive Director of the Board's Medical Services Division after consultation with appropriate university and professional bodies, and it should direct that the AC OCD be organized into not fewer than four subcommittees, each composed of three physicians including a subcommittee chairman designated by the Corporate Board." (RCA 13.5, p. 757).
3. "The Corporate Board should issue the following procedural rules to conduct the operation of the Advisory Committee on Occupational Chest Diseases:

(i) each subcommittee is to have the authority to diagnose claimants and assign claimants to classes of physical impairment.

(ii) the clinical examination of every claimant is to involve the full membership of the subcommittee to whom the claimant is assigned.

(iii) every subcommittee report is to be signed by the full membership of the subcommittee, with any dissent recorded.

(iv) in the event of subcommittee dissent, the relevant claim is to be reviewed by the chairmen of the three remaining subcommittees who shall then make the finding with respect to diagnosis and class of physical impairment.

(v) the entire membership of the advisory committee on occupational chest diseases is to review the findings of its subcommittees on a periodic basis." (RCA 13.6, pp. 757-758).

4. "The Corporate Board should adopt a rule whereby physicians engaged in the work of the Occupational Health Branch of the Ministry of Labour are ineligible for membership on the Advisory Committee on Occupational Chest Diseases and should take measures to ensure that the secretariat of this committee is supplied solely by the Workers' Compensation Board." (RCA 13.7, p. 759).
5. "The Occupational Health Branch of the Ministry of Labour and the Advisory Committee on Occupational Chest Diseases should continue to share the same x-ray and pulmonary function testing facilities which should be accredited by an expert team of radiologists and respirologists at least every five years." (RCA 13.8, P. 759).

The origin of the Occupational Chest Disease Review Committee (OCDRC) dates back to 1927 when the Silicosis Referee Board was first established and has been in existence continuously in various forms since that time. The work of the OCDRC has been invaluable to the Board.

The committee has provided expert medical advice to the Board on complex medical issues, has maintained a high degree of professionalism and attracts experts in the field of respiratory disease as participants. The Board agrees with the RCA that the organization and function of the committee should be re-evaluated, especially in light of the Board's new organizational structure and efforts to improve the timeliness, effectiveness and efficiency of its services. However, the OCDRC demonstrates the value of medical review panels and the Board will be considering how to optimize the use of these types of panels for other diseases.

The RCA recommendations regarding a decentralized structure for the committee is consistent with the Board's emphasis on providing services on a regional basis. The Board believes that, ideally, sub-committees should be strategically placed across the province in order to minimize claimant travel. The number of members on each sub-committee and the number of sub-committees will, however, be highly dependent on the availability of the appropriate medical specialists to serve on the committee, on the geographic distribution of claimants and the availability of adequate pulmonary function testing facilities. The Board will therefore investigate the feasibility of providing a more decentralized service.

Also, the Board will, as far as possible, incorporate the recommended procedural rules into the operation of the committee with a view to ensuring that the expertise of each member of the sub-committee is fully utilized and each committee operates in a cost-effective manner. The Board agrees that central coordination is essential to ensure consistency across the sub-committees as well as to foster the exchange of valuable experience and information amongst all members.

There are a limited number of pulmonary chest disease specialists in the province with special knowledge or expertise in the diagnosis and management of occupational respiratory diseases. The Board will attempt to recruit physicians for the sub-committees from those engaged in full-time clinical and academic work wherever possible. However, the Board recognizes that it may not be feasible to entirely exclude from participation in these committees the highly experienced physicians who are currently employed by the Ministry of Labour.

The Board also agrees that the pulmonary function testing facilities used by the sub-committees be accredited as described by this recommendation and the Board believes that this accreditation process should be extended to all laboratories used by the sub-committees wherever possible.

O. Reg. 552/89, s. 9.

(5) The Ministry of Municipal Affairs shall notify the treasurer of the area municipality of the amount of the apportionment guarantee grant determined under subsection (4) and the Minister shall pay the amount to the area municipality.

"special levy" means an amount apportioned among and levied upon two or more supporting municipalities by a county for county road or library purposes on the basis of equalized assessment where that amount is not included in the annual sum required for county purposes.

(2) In this Part, the discounted equalized assessment of the county is the total of the discounted equalized assessments of all supporting municipalities within the county. O. Reg. 552/89, s. 14.

15. The clerk of each supporting municipality shall provide to the clerk of the county in which the municipality is located a written statement indicating with respect to the supporting municipality,

- (a) its prescribed equalization factor;
- (b) its residential and farm assessment;
- (c) its commercial assessment;
- (d) its total payments in lieu of taxes for 1987 as defined in clause 365 (1) (j) of the *Municipal Act*;
- (e) its portion of payments in lieu of taxes as determined under clause (d) not allocated for school purposes; and
- (f) its equivalent assessment for apportionment purposes, obtained by dividing the portion of payments in lieu of taxes for 1987 as determined under clause (e) by the average municipal commercial mill rate and multiplying the result by 1000. O. Reg. 552/89, s. 15.

16. In 1989, the treasurer of each county shall determine,

- (a) the discounted equalized assessment of each supporting municipality in the county; and
- (b) the discounted equalized assessment of the county. O. Reg. 552/89, s. 16.

17. The treasurer of each county shall determine the percentage share of apportionment, correct to three decimal places, for each supporting municipality within the county by dividing the discounted equalized assessment of each supporting municipality as determined under clause 16 (a) by the discounted equalized assessment of the county as determined under clause 16 (b) and multiplying the result by 100. O. Reg. 552/89, s. 17.

18. Sections 14 to 17 and 19 to 21 apply with necessary modifications to a special levy of a county in 1989 and to the special county area as if the special levy was a levy of the county under subsection 365 (6) of the *Municipal Act* and the special county area was the county. O. Reg. 552/89, s. 18.

19.—(1) The amount of the apportionment guarantee grant for a supporting municipality within a county is the amount obtained by subtracting from the 1988 apportionment guarantee grant to the supporting municipality the product obtained by multiplying the total number of households in the supporting municipality by \$5, but no grant is payable if this amount is zero or less.

(2) The Ministry of Municipal Affairs shall notify the treasurer of each supporting municipality of the amount of the apportionment guarantee grant determined under subsection (1) and the Minister shall pay that amount, if any, to each supporting municipality within a county which apportions the annual sum required for county purposes on the basis of the apportionment prescribed in this Regulation.

(3) Where the Minister has paid an apportionment guarantee grant to a supporting municipality and the county subsequently fails to apportion the annual sum required for county purposes on the basis of the apportionment prescribed in this Regulation, the grant paid under subsection (2) to the supporting municipality is repayable to the Minister.

(4) The amount payable under subsection (2) shall be deducted by the supporting municipality from the county levy and the special levy as determined by the council of the supporting municipality and the net amount so determined is the amount to be raised by the municipality in 1989. O. Reg. 552/89, s. 19.

20. Unless an amending by-law is passed under subsection 365 (9) of the *Municipal Act*, a by-law passed by the council of a county under subsection 365 (6) of that Act shall apportion the annual sum required for county purposes on the basis of the percentage determined for each supporting municipality under section 17 and the amount that each supporting municipality is required to provide is the amount so determined. O. Reg. 552/89, s. 20.

21. If the council of the county finds a determination made under section 16, 17 or 18 to be incorrect, the council on or before the 31st day of December, 1989 shall amend the percentage shares of apportionment set out in the by-law passed under subsection 365 (6) of the *Municipal Act* and shall notify the Ministry of Municipal Affairs of the amendment. O. Reg. 552/89, s. 21.

22. If a by-law of a county passed under subsection 365 (6) of the *Municipal Act* is amended by a by-law passed under subsection 365 (9) of that Act, the amending by-law shall specify the amount to be provided by each supporting municipality within the county in 1989. O. Reg. 552/89, s. 22.

23. The treasurer of the county shall determine the responsibility of each supporting municipality in accordance with sections 16 to 18 and 20 and the council of the county shall, by amending the by-law passed under subsection 365 (6) of the *Municipal Act*, adjust accordingly the amounts to be provided by each supporting municipality if,

- (a) the Ontario Municipal Board, upon an appeal under subsection 365 (11) of the *Municipal Act*, determines that the equalization factor, the residential and farm assessment, the commercial assessment or the equivalent assessment, as determined under this Part, of one or more supporting municipalities within a county should be altered;
- (b) an adjustment of percentage shares is made by the Ontario Municipal Board under subsection 365 (18) of that Act; or
- (c) the clerk of a county receives written notification from the clerk of a supporting municipality indicating a revision to the statement supplied in accordance with section 15. O. Reg. 552/89, s. 23.

24.—(1) Sections 15 to 23 do not apply to the County of Brant and the supporting municipalities within the County.

(2) The County of Brant shall raise the annual sum required for county purposes in accordance with subsections 368e (2) to (8) of the *Municipal Act*.

(3) The amount of the apportionment guarantee grant in respect of each supporting municipality within the County of Brant is the amount, correct to the nearest dollar, obtained by multiplying the 1987 apportionment guarantee grant, as set out in Column 2 of Schedule 4, by the corresponding percentage listed in Column 3 of Schedule 4 and dividing the result by 100.

(4) The Ministry of Municipal Affairs shall notify the treasurer of the supporting municipality of the amount of the apportionment guarantee grant determined under subsection (3) and the Minister shall pay that amount to the supporting municipality.

(5) The amount payable under subsection (4) in respect of the annual sum required for county purposes shall be deducted by the supporting municipality from the 1989 taxes otherwise payable by the residential and farm ratepayers. O. Reg. 552/89, s. 24.

25.—(1) Sections 15 to 23 do not apply to the County of Huron and the supporting municipalities within the County.

(2) The County of Huron shall raise the annual sum required for county purposes in accordance with subsections 368e (2) to (8) of the *Municipal Act*.

(3) The amount of the apportionment guarantee grant in respect of each supporting municipality within the County of Huron is the amount obtained by multiplying the 1988 apportionment guarantee grant, as set out in Column 2 of Schedule 4, by the corresponding percentage listed in Column 3 of Schedule 4 and dividing the result by 100, but no grant is payable if this amount is zero or less.

(4) The Ministry of Municipal Affairs shall notify the treasurer of the supporting municipality of the amount of the apportionment guarantee grant determined under subsection (3) and the Minister shall pay that amount to the supporting municipality.

(5) The amount payable under subsection (4) in respect of the annual sum required for county purposes shall be deducted by the supporting municipality from the 1989 taxes otherwise payable by the residential and farm ratepayers. O. Reg. 552/89, s. 25.

26. Despite sections 14 to 23, for the purposes of calculating the discounted equalized assessment in 1989 of municipalities where a proclamation has been made for the return of a new assessment roll under section 70 of the *Assessment Act*, the equivalent assessment shall be the amount set out in Column 2 of Schedule 5. O. Reg. 552/89, s. 26.

PART III

DISTRICT BOARDS

27.—(1) In this Part,

“apportionment” means an apportionment made by a district board among all the municipalities within the district board area of the total amount required for the purposes of the district board under the Act establishing the district board;

“average municipal commercial mill rate” means, in respect of a supporting municipality, the rate obtained by dividing the total taxes levied for all purposes, other than for school purposes and under sections 32 and 33 of the *Assessment Act*, on the commercial assessment in 1988 by the total commercial assessment for 1988, multiplied by 1000;

“average overall commercial mill rate” means, in respect of a supporting municipality, the rate obtained by dividing the total taxes levied for all purposes, other than under sections 32 and 33 of the *Assessment Act*, on the commercial assessment of public school supporters for 1988 by the total commercial assessment for 1988, multiplied by 1000;

“equivalent assessment” means the sum of,

- (a) the valuations contained on the last returned assessment roll for which payments in lieu of taxes on real property and business assessment are payable but,

- (i) reduced, where payment is predicated on the residential and farm mill rate, by multiplying that assessment by the appropriate discount factor for purposes of determining a discounted assessment for that supporting municipality, and

- (ii) if a municipality is entitled to receive a payment from Ontario Hydro under subsection 46 (6) of the *Power Corporation Act*, substituting the amount determined by dividing the 1988 payment in lieu of taxes on real property and business assessment by the average overall commercial mill rate and multiplying the result by 1000 for the valuations payable from Ontario Hydro,

(b) the amount determined by dividing the sum of,

- (i) the 1988 entitlements under section 160 of the *Municipal Act*, and

- (ii) the difference, if greater than zero, determined by subtracting the assessed value of all provincial parks and wilderness areas in a municipality multiplied by the average commercial mill rate and divided by 1000, from the amount the municipality was entitled to receive in 1983 under section 4 of the *Provincial Parks Municipal Tax Assistance Act* as that provision read on the 31st day of December, 1983,

by the average commercial mill rate and multiplying the result by 1000, and

- (c) the amount determined by dividing the 1988 entitlements under section 161 of the *Municipal Act* by the average overall commercial mill rate and multiplying the result by 1000;

“municipality” means,

- (a) a supporting municipality, except an area municipality in The Regional Municipality of Sudbury, and

- (b) The Regional Municipality of Sudbury;

“municipality within a district board area” means a municipality that is located within a district board area and against which an apportionment is to be made in 1989 by the district board.

(2) In this Part, the discounted equalized assessment of a district board is the total of the discounted equalized assessments of all municipalities within the district board area.

(3) Despite subsection (2), for the purposes of this Part, the discounted equalized assessment of The Regional Municipality of Sudbury is the sum of the discounted equalized assessments of the supporting municipalities within the regional municipality. O. Reg. 552/89, s. 27.

28. In 1989, the Ministry of Revenue shall determine in respect of each district board,

- (a) the discounted equalized assessment of each municipality within the district board area; and
- (b) the discounted equalized assessment of each district board. O. Reg. 552/89, s. 28.

29. The Ministry of Revenue shall, in respect of every district board, determine the percentage share of apportionment, correct to three decimal places, for each municipality within the district board area by dividing the discounted equalized assessment of each municipality as determined under clause 28 (a) by the discounted equalized assessment of the district board as determined under clause 28 (b) and multiplying the result by 100. O. Reg. 552/89, s. 29.

30. The discounted equalized assessment determined under clause 28 (a) and the respective percentage share of apportionment determined for each municipality under section 29 shall be substituted for the weighted equalized assessment or equalized assessment in the notice of the weighted equalized assessment or equalized assessment of each municipality that is sent by the Ministry of Revenue to a district board under the Act establishing the district board. O. Reg. 552/89, s. 30.

31.—(1) For 1989, the apportionment of the total sum required for district board purposes among the municipalities within a district board area shall be made on the basis of the percentages determined for each municipality under section 29.

(2) The Ministry of Revenue shall submit to each district board a statement showing the information mentioned in clauses 28 (a) and (b), and the calculations which produced that information.

(3) Upon receipt of the statement referred to in subsection (2), the district board shall promptly forward a copy of the statement to the clerk of each municipality within the district board area. O. Reg. 552/89, s. 31.

32. Each district board shall forward to the Ministry of Municipal Affairs a statement showing the total amount apportioned for 1989, as modified by subsection 31 (1), among the municipalities within the district board area under the Act establishing the district board. O. Reg. 552/89, s. 32.

33.—(1) The amount of the apportionment guarantee grant for a municipality within a district board area is the amount obtained by subtracting from the 1988 apportionment guarantee grant to each municipi-

pality the product obtained by multiplying the total number of households in that municipality by \$5.

(2) The Ministry of Municipal Affairs shall notify the treasurer of the municipality of the amount of the apportionment guarantee grant determined under subsection (1) and the Minister shall pay to the municipality such amount, if any.

(3) The amount payable under subsection (2) in respect of the total sum required for district board purposes shall be deducted by the municipality from the total sum and the net amount so determined shall be the amount to be raised by the municipality in 1989. O. Reg. 552/89, s. 33.

34.—(1) Where the equalization factor, the residential and farm assessment, the commercial assessment or the equivalent assessment, as determined under this Part, of one or more municipalities within a district board area is altered by the Ontario Municipal Board upon an appeal under the Act establishing the district board, notice of the alteration shall be given promptly by the clerk of the municipality to the Ministry of Revenue.

(2) Upon being satisfied that all appeals have been determined and that all notices required under subsection (1) have been received, the Ministry of Revenue shall, using the altered equalization factor, residential and farm assessment, commercial assessment or equivalent assessment, as the case may be,

- (a) make the determinations required under sections 27, 28 and 29; and
- (b) revise the notice and information to be supplied under sections 30 and 31.

(3) When a district board receives a notice revised by the Ministry of Revenue under clause (2) (b), the district board shall amend the apportionment of the total sum required for district board purposes among the municipalities within the district board area on the basis of the adjusted equalized assessments as determined. O. Reg. 552/89, s. 34.

PART IV

CONSERVATION AUTHORITIES

35.—(1) In this Part,

“apportionment” means an apportionment made by a conservation authority among the municipalities within the conservation authority area of an amount required for the purposes of the conservation authority under the *Conservation Authorities Act*;

“municipality” means a regional municipality, supporting municipality, city or separated town;

“municipality within a conservation authority area” means a municipality that is located wholly or

partly within a conservation authority area and against which an apportionment is to be made in 1989 by the conservation authority.

(2) In this Part, the discounted equalized assessment of a conservation authority is the total of the discounted equalized assessments of all municipalities within a conservation authority area.

(3) Where only part of a municipality against which an apportionment is made by a conservation authority in 1989 is located within the conservation authority area, the discounted equalized assessment for that part of the municipality shall be deemed to be the discounted equalized assessment for the whole municipality for the purposes of this Part.

(4) For the purposes of this Part, the discounted equalized assessment of a regional municipality is the sum of the discounted equalized assessments of the municipalities within the regional municipality. O. Reg. 552/89, s. 35.

36. In 1989, the Ministry of Natural Resources shall determine in respect of each conservation authority,

- (a) the discounted equalized assessment of each municipality within the conservation authority area; and
- (b) the discounted equalized assessment of each conservation authority. O. Reg. 552/89, s. 36.

37. The Ministry of Natural Resources shall, in respect of each conservation authority, determine the 1989 percentage share of apportionment, correct to four decimal places, for each municipality within the conservation authority area by dividing the discounted equalized assessment of each municipality, as determined under clause 36 (a), by the discounted equalized assessment of the conservation authority, as determined under clause 36 (b) and multiplying the result by 100. O. Reg. 552/89, s. 37.

38. The discounted equalized assessment determined under section 36 and the respective 1989 percentage share of apportionment determined for each municipality under section 37 shall be substituted for the equalized assessment in the notice of the equalized assessment that is provided to the conservation authority by the Ministry of Natural Resources under the Act establishing a conservation authority. O. Reg. 552/89, s. 38.

39.—(1) For 1989, the apportionment of the conservation authority levies among the municipalities within a conservation authority area shall be made on the basis of the percentages determined for each municipality under section 37.

(2) The Ministry of Natural Resources shall submit to each conservation authority to which subsection (1) applies a statement showing the information men-

tioned in clauses 36 (a) and (b) and the calculations which produced that information.

(3) A conservation authority shall, upon receipt of the statement referred to in subsection (2), promptly forward a copy of the statement to the clerk of each municipality within the conservation authority area. O. Reg. 552/89, s. 39.

40. Each conservation authority shall forward to the Ministry of Natural Resources a statement showing the total amount apportioned for 1989, as modified by subsection 39 (1), among the municipalities within the conservation authority area under the Act establishing the conservation authority. O. Reg. 552/89, s. 40.

41.—(1) Where the equalization factor, the residential and farm assessment or the commercial assessment of one or more municipalities within a conservation authority area is altered by the Ontario Municipal Board upon an appeal under the Act establishing the conservation authority, notice of the alteration shall be given promptly by the clerk of the municipality to the Ministry of Natural Resources.

(2) Upon being satisfied that all appeals have been determined and that all notices under subsection (1) have been received, the Ministry of Natural Resources shall, using the altered equalization factor, the residential and farm assessment or the commercial assessment, as the case may be,

- (a) make the determinations required under sections 36 and 37; and
- (b) revise the notice and information to be supplied under sections 38 and 39.

(3) When a conservation authority receives a notice revised by the Ministry of Natural Resources under clause (2) (b), the conservation authority shall amend the apportionment of the total sum required for conservation authority purposes among the municipalities within the conservation authority area on the basis of the adjusted discounted equalized assessments. O. Reg. 552/89, s. 41.

PART V

GENERAL

42.—(1) Where any Act requires the Ministry of Revenue or the Ministry of Municipal Affairs to equalize assessment rolls or parts of an assessment roll that relate to two or more defined areas within a supporting municipality, the Ministry of Municipal Affairs shall, in equalizing each assessment roll or each part thereof for purposes of municipal taxation in 1989, use the same equalization factor as was used to equalize the assessment roll or part thereof for purposes of municipal taxation in 1979.

(2) Subsection (1) does not apply to a supporting municipality where there has been a different assess-

ment generally of real property within that supporting municipality under section 63 of the *Assessment Act*. O. Reg. 552/89, s. 42.

43.—(1) If the Ministry of Municipal Affairs, Ministry of Revenue or Ministry of Natural Resources, as the case may be, determines in respect of a regional municipality, county, district board or conservation authority that any calculation made under this Regulation was made incorrectly or was based on incorrect information, the Ministry of Municipal Affairs may correct the calculation and may determine the amount that would have been payable to the supporting municipalities within the regional municipality, county, district board area or conservation authority area if the calculation had been correct and the grants payable under Part I, II or III may be adjusted accordingly.

(2) If a determination is made under subsection (1) in respect of an apportionment and levy of a regional municipality, county, district board or conservation authority, that apportionment and levy shall be adjusted in accordance with the corrected calculations and any overpayment or underpayment by a support-

ing municipality shall be corrected in the same manner as it is corrected following an appeal of a county apportionment by-law or of a discounted equalized assessment being used for apportionment purposes, as applicable. O. Reg. 552/89, s. 43.

44. If an adjustment is made by the Ministry of Municipal Affairs or Ministry of Revenue in the grants payable by the Minister of Municipal Affairs to a supporting municipality under Part I, II or III and if the Ministry of Municipal Affairs determines as a result of the adjustment that an overpayment has been made to the municipality, it shall notify the municipality of the amount of the overpayment and the amount of the overpayment shall be paid promptly by the municipality to the Ministry of Municipal Affairs. O. Reg. 552/89, s. 44.

45. The Minister may pay an apportionment guarantee grant in 1989 to municipalities set out in Column 1 of Schedule 6 in the corresponding amount set out in Column 2 of Schedule 6. O. Reg. 552/89, s. 45.

46. This Regulation applies to apportionments and levies made on or after the 1st day of January, 1989.

MOTOR VEHICLE TRANSPORT ACT, 1987

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

Basic Guidelines for Claiming Ontario Tax Credits

- You must file a completed Individual Income Tax Return along with the Ontario Tax Credit form.
- If you lived with your spouse at year end, one of you must claim the Ontario Tax Credits for both of you. If you lived with a "supporting person" at year end, each of you must claim any Ontario Home Ownership Savings Plan Tax Credits separately, but one of you must claim all other Ontario Tax Credits for both of you.

<p>1. Calculation of Income</p> <ul style="list-style-type: none"> • Net Income is the amount shown on line 236 of the return. If Net Income appears as a negative amount, enter nil on line 1. • If, on December 31, 1988, you resided together with your spouse, enter your spouse's Net Income on line 2. • If at the end of the year you were living with (but not married to) the other parent of a child you are claiming for the Sales Tax Credit, the other parent is a supporting person. This applies even if the other parent is not claiming a dependent child credit for the child. In addition, any person (other than yourself or your spouse with whom you resided on December 31, 1988) who is claiming a dependent child credit for that child is considered a supporting person. • Net Income of a spouse or supporting person who is 65 years of age or older must be included even if a Property Tax Grant and/or Sales Tax Grant is received by that person. 	<p>2(d) continued</p> <ul style="list-style-type: none"> • must be prorated to cover the actual period of occupancy if the principal residence was occupied for less than the full year. • in the year of marriage is the total rent or property tax paid during the year by each person. • in the year of separation, is the total rent or property tax paid by you following separation, plus an agreed upon share of the rent or property tax for the part of the year prior to separation. <p>(e) Joint Occupancy</p> <p>Where two or more persons (other than an individual with his/her spouse) share a principal residence, Occupancy Cost must be allocated.</p> <ul style="list-style-type: none"> • according to the beneficial ownership of each person in the housing unit, or • according to the rent paid by each tenant. <p>(f) College Residence</p> <p>Most residences of Ontario universities, colleges and schools of nursing have a deemed Occupancy Cost of \$25.00. Règles de base relatives aux crédits d'impôt de l'Ontario

- Pour vous prévaloir des crédits d'impôt de l'Ontario, vous devez produire une déclaration de revenus des particuliers, dûment remplie, avec la formule «Crédits d'impôt de l'Ontario»
- Si vous vivez avec votre conjoint ou un «soutien» à la fin de l'année, il faut que ce soit l'un de vous deux qui demandez les crédits d'impôt de l'Ontario pour les deux

1. Calcul du revenu

- Le revenu net est le montant inscrit à la ligne 236 de la déclaration. Si ce montant est négatif, inscrivez zéro à la ligne 1.
- Si vous résidez avec votre conjoint le 31 décembre 1988, inscrivez le revenu net de votre conjoint à la ligne 2.
- Si, à la fin de l'année, vous vivez, (sans lui être marié(e)), avec le père ou la mère, suivant le cas, d'un enfant pour lequel vous demandez le crédit d'impôt de taxe sur les ventes, la personne avec qui vous vivez maritalement est considérée comme étant soutenue. Cette règle vaut même si cette personne ne demande pas de crédit pour enfants à charge relativement à l'enfant. De plus, toute autre personne que vous ou votre conjoint (avec qui vous résidez le 31 décembre 1988) qui demande un crédit pour enfants à charge relativement à l'enfant est considérée comme étant soutenue.
- Le revenu net du conjoint ou du soutien qui est âgé de 65 ans ou plus doit être indiqué même lorsqu'il s'agit d'une personne qui bénéficie du programme de subventions pour les impôts fonciers et pour la taxe sur les ventes.

2. Crédit d'impôts fonciers

- a) Le crédit d'impôts fonciers peut être demandé par tous les particuliers qui résident en Ontario le 31 décembre 1988, sauf
- les personnes de moins de 16 ans
 - les personnes de moins de 19 ans qui habitent à la maison et qui sont déclarées à charge aux fins de l'impôt
 - les personnes de 65 ans ou plus
 - les personnes dont le conjoint a 65 ans ou plus, sauf si le mariage a eu lieu pendant l'année où s'il y a eu séparation pendant l'année, le conjoint qui a moins de 65 ans peut demander un crédit d'impôts fonciers fondé sur son coût d'habitation avant le mariage ou après la séparation, à condition que ce coût d'habitation ne soit pas inclus dans la demande de subvention pour impôts fonciers de l'autre conjoint
 - les successions de personnes décédées
- b) Il n'est pas nécessaire de joindre à la formule T1C(ONT) les reçus pour le loyer ou les impôts fonciers versés en 1988, mais il faut les conserver pour pouvoir les produire sur demande

c) Résidence principale

- désigne le logement, en Ontario, habituellement habité en 1988
 - peut désigner une chambre d'hôtel, une maison mobile ou une pension
 - ne comprend pas une résidence exempte d'impôts fonciers, par exemple une base militaire et une maison située dans une réserve indienne
 - ne comprend pas une maison de santé ou les frais supportés par les pensionnaires sont subventionnés, ni certains établissements
- Un résident de l'Ontario qui démissionne au cours de l'année sans quitter la province peut demander pour chaque résidence consécutive le crédit pour la période réelle d'habitation

d) Coût d'habitation

- pour les propriétaires, les impôts fonciers versés pour une résidence principale pendant l'année d'imposition (sauf les paiements de capital et d'intérêts sur hypothèque).

2) suite

- pour les locataires, 20% du loyer versé pour la résidence principale pendant l'année d'imposition (sauf le coût des repas), ou lorsque des impôts fonciers et un loyer sont versés pour une même résidence principale, 20% du total des impôts fonciers et du loyer versés. Dans ce cas, le total doit être inscrit à la ligne 555
- pour les agriculteurs, la partie du loyer ou des impôts fonciers qui a été versée pour la résidence principale et un acre de terrain. Le reste du fonds de terre agricole, y compris les dépendances, ne donne pas droit au crédit d'impôts fonciers, mais il peut donner droit à un dégrèvement d'impôt pour les agriculteurs du ministère de l'Agriculture et de l'Alimentation de l'Ontario
- le loyer ou les impôts fonciers versés pour une résidence secondaire (p.ex., un chalet) ou pour la partie d'une maison qui est louée ou qui est utilisée à des fins commerciales ne doivent pas être comptés, ni les sommes payées aux membres de la famille qui ne sont pas incluses dans leur revenu aux fins de l'impôt
- si la résidence principale n'a pas été habitée toute l'année, le coût d'habitation doit être réduit en proportion de la période d'habitation
- si le mariage a eu lieu au cours de l'année, le coût d'habitation est le total du loyer ou des impôts fonciers versés pendant l'année par chaque personne
- s'il y a eu séparation au cours de l'année, le coût d'habitation est le total du loyer ou des impôts fonciers versés par vous après la séparation, plus votre part convenue du loyer ou des impôts fonciers versés pour la partie de l'année précédant la séparation

e) Cohabitation

- Lorsque deux particuliers (autres qu'une personne et son conjoint) ou plus partagent une résidence principale, le coût d'habitation doit être attribué
- selon le degré de propriété réelle de chaque personne dans le logement
 - selon le loyer payé par chaque locataire

f) Résidence d'étudiants

- Le coût d'habitation pour la plupart des résidences d'universités, de collèges et d'écoles de sciences infirmières en Ontario est fixé à 25,00 \$. Quiconque habite une résidence de ce genre dont le coût d'habitation a été fixé à l'avance n'a droit qu'au montant ci-dessus pour la période de l'année où il a habité une telle résidence. Pour savoir si le coût d'habitation de votre résidence a été fixé comme il est indiqué ci-dessus, adressez-vous au Centre d'information

3. Crédit de taxe sur les ventes

- Le crédit peut être demandé par tous les particuliers qui résident en Ontario le 31 décembre 1988, sauf
- les personnes de moins de 16 ans
 - les personnes déclarées pour un crédit de taxe sur les ventes par un autre résident de l'Ontario
 - les personnes de 65 ans ou plus
 - les successions de personnes décédées

MOTOR VEHICLE TRANSPORT ACT, 1987

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988,

S.O. 1988, Chapter 64, and that the request is not frivolously made.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

MOTOR VEHICLE TRANSPORT ACT, 1987

MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS:

The following are applications for extra-provincial truck transport operating licences under Part II of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These Applicants have been found to meet the fitness requirements pursuant to Section 8(2) of that Act and the provincial transport board for Ontario proposes to issue the licences if no objection is served on the Applicant and filed with the Registrar of Motor Vehicles with the prescribed filing fee, within twenty-nine days of this publication.

EXTRA-PROVINCIAL APPLICATIONS:

NOTE: Where the application is for a licence other than a corridor operating authority, an interested person who serves and files an objection must also provide the Ontario Highway Transport Board with written evidence, within thirty-nine days of this publication that satisfies that Board that, in the absence of evidence to the contrary, the operation of the undertaking in respect of which the licence is sought would likely be detrimental to the public interest.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

MOTOR VEHICLE TRANSPORT ACT, 1987

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

NOTE: A person who requests a public interest hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

Exemption—Ministry of Natural
Resources—MNR-26/6.

Made—September 29th, 1989.

Approved—September 29th, 1989.

Filed—October 27th, 1989.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF NATURAL RESOURCES—MNR-26/6

Having received a request from the Minister of Natural Resources that an undertaking, namely:

Disposition by the Ministry of Natural Resources of certain or all rights to Crown resources for activities not otherwise subject to the Act,

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following damage or interference with the person and property indicated will occur:

- A. The Crown will be interfered with and damaged by the undue expense required to prepare environmental assessments for undertakings that may have insignificant adverse effects on the environment.

Having weighed such damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. Where the disposition of rights to Crown resources is associated with an activity which is subject to the Act, that disposition is not exempt by this order and will not be proceeded with under this order. In the event that a disposition of rights to Crown resources associated with activities which are not subject to the Act is initiated but, where, as a result of the notification requirements described in the conditions below, the associated activity is designated by regulation as being subject to the Act, that portion of the disposition which has not been completed will not be exempt under this order.
- B. Activities which the Ministry of Natural Resources may undertake to initiate applications for the disposition of rights to Crown resources may themselves be undertakings which are subject to the *Environmental Assessment Act* and may not be proceeded with until approval or exemption under the Act has been received.

This exemption is subject to the following terms and conditions:

1. This order does not exempt a disposition activity to a disposition applicant whose proposed activity is subject to the Act, or would be so subject except for another exemption, unless the disposition applicant has complied with provisions of the Act, including any provisions of an approval or other exemption, which apply to the disposition applicant with respect to the proposed activity.
2. Where a disposition is for an activity which is not subject to the Act and which is a major commercial, industrial or recreational complex which may have a significant negative effect on the environment or another activity which the Ministry of Natural Resources determines may have such an effect, the following practices will be instituted by the Ministry of Natural Resources:

- (a) the disposition applicant will be notified, upon application for disposition, that the proposed activity for which the disposition is being sought may ultimately be subject to the Act;
- (b) the notification under clause (a) shall describe the manner in which such a development may become subject to the Act and the prohibitions attached to the disposition should the project become subject to the Act before the disposition is completed; and
- (c) at the time of giving the notification under clause (a), the Ministry of Natural Resources shall advise the Director of the Environmental Assessment Branch, and copy the appropriate Regional Director of the Ministry of the Environment, in writing of the notice and provide the Director with the following additional information: the purpose, location and description of the project, expected significant environmental effects, proposed mitigation measures and the identity or description of any affected agencies and members of the public.

3.—(1) Where condition 4 does not apply, the Ministry of Natural Resources may only complete the disposition after the earlier of:

- (a) the Director of the Environmental Assessment Branch of the Ministry of the Environment having advised the Ministry of Natural Resources that it is not intended to seek a designation in connection with the proposed disposition; and
- (b) the period of time specified in subsection (2) has elapsed from the giving of written notice to the Director of the Environmental Assessment Branch under condition 2 (c), and

where condition 4 applies, the disposition shall not be carried out except in accordance with the provisions of conditions 5 and 6, or an approval.

- (2) The period of time referred to in condition 3 (1) (b) shall be thirty days or such longer period as the Director of the Environmental Assessment Branch specifies in writing prior to the end of the thirty-day period or the thirty-day period as it may have been extended from time to time pursuant to this subsection.
4. Where the Director of the Environmental Assessment Branch of the Ministry of the Environment, within the time allowed by

condition 3 (1) (b) advises the Ministry of Natural Resources that additional time is required to consider designating the proposed disposition, the Ministry of Natural Resources will provide any additional available information and give such further notices to the public and other individuals or agencies who might be affected by the disposition as is determined in discussions between the Ministry of Natural Resources and the Ministry of the Environment and the applicant will carry out any necessary further research required by the Ministry of the Environment. The notices given under this condition shall contain information on the purpose, location and description of the project, potential significant environmental effects, proposed mitigation measures, if any, and a request for comments within a specified time period (normally thirty days). Concerns will be discussed with any person who raises concerns before any disposition for the proposal is granted. When the Director gives a notice to the Ministry of Natural Resources under this condition, he will send a copy to the applicant.

5. After being advised by the Ministry of Natural Resources of any additional information and the results of any further research, discussions or submissions which may arise as a result of condition 4, the Director of the Environmental Assessment Branch of the Ministry of the Environment will determine if any adverse effects will be minor or will be adequately dealt with under other permits or approvals required in connection with the proposed disposition or use of the rights disposed of.
6. If the Ministry of the Environment makes a determination under condition 5 that the adverse effects will be minor or adequately dealt with under other permits or approvals, it will advise the Ministry of Natural Resources that it may then proceed with the disposition.
7. Where a disposition which otherwise would be exempt under this order is being carried out in connection with, or is part of an undertaking for which an environmental assessment has been done and approval to proceed received, the disposition shall not be exempt under this order but shall be carried out in accordance with the approval to proceed; and where the reasons for a condition of approval indicate the approval shall apply to particular dispositions, such dispositions shall not be exempt hereunder.
8. Where a disposition is associated with a hydrocarbon pipeline project which has been approved by the National Energy Board or

the Ontario Energy Board, the disposition shall not be subject to conditions 2 to 6.

9. In the event of a disagreement as to whether or not an activity for which a notice has been given under condition 2 is likely to have adverse environmental effects, the form of a notice, who is to receive a notice or whether or not an environmental assessment should be done with respect to such activity, the Minister of the Environment shall determine any such disagreement and whether or not the activity may proceed without an environmental assessment being done.
10. This Order expires on the 31st day of March, 1990.
11. This Order takes effect upon the expiry of Exemption Order MNR-26/5 filed as Ontario Regulation 172/89. O. Reg. 596/89.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 597/89.

Exemption—Ministry of Natural Resources—MNR-54.

Made—October 19th, 1989.

Approved—October 19th, 1989.

Filed—October 27th, 1989.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—MINISTRY OF NATURAL RESOURCES—MNR-54

Having received a request from the Minister of Natural Resources that an undertaking, namely:

- (a) the activity of construction, operation and maintenance of projects at existing fish culture stations, including:
 - extensions to existing buildings
 - new building construction for:
 - aeration towers
 - broodstock facilities
 - administration
 - egg collection facilities

- new tank installation
- construction of effluent treatment facilities
- development of additional water supplies; and

(b) siting, construction, operation and maintenance of new or existing cage culture facilities including:

- net pens
- framing structures
- floating work platforms
- operating facilities
- storage facilities

be exempt from the application of the Act pursuant to section 29; and

Having been advised that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The public will be damaged by the loss of anticipated benefits associated with an enhanced provincial fishery.
- B. The Crown will be interfered with and damaged by the undue expense required to prepare environmental assessments for undertakings that are not expected to have significant adverse effects on the environment.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. Fish Culture Station construction projects will occur only in conjunction with existing facilities which were in operation prior to the passage of the Act or which have been exempted from the Act prior to the date of this Order.
- B. Monitoring by the Ministry of the Environment at an existing MNR cage culture site indicates no significant adverse environmental impacts.

- C. The environmental protection and mitigation procedures described in the "Construction and Mitigation Handbook for MNR Class EA Projects" and the "Environmental Guidelines for Access Roads and Water Crossings" will be followed where applicable.
- D. The Ministry of the Environment control water intake and effluent discharge from fish culture stations through a Permit to Take Water and a Certificate of Approval under the *Ontario Water Resources Act*.
- E. Surveys undertaken by MNR indicated strong support for additional fish culture development across the province.

This exemption is subject to the following terms and conditions:

1. The Ministry of Natural Resources will follow all appropriate procedures described in the "Construction and Mitigation Handbook for MNR Class EA Projects" or the "Environmental Guidelines for Access Roads and Water Crossings", where applicable.
2. The Ministry of Natural Resources will provide the Environmental Assessment Branch and the appropriate regional office of the Ministry of the Environment with a copy of the final project plan for any project no less than forty-five days prior to the beginning of construction of the project. Copies of the final project plan will be made available to the public, upon request, for examination at the appropriate district office of the Ministry of Natural Resources.
3. The Ministry of Natural Resources local district office will monitor the effects of cage culture on the aquatic environment by means of a monitoring program, developed by MNR in consultation with, and acceptable to, the appropriate regional office of the Ministry of the Environment. If, in the opinion of the Ministry of Natural Resources' District Manager or the Ministry of the Environment's Regional Director, monitoring demonstrates the occurrence of significant adverse effects on the environment, the Ministry of Natural Resources will take all appropriate steps to mitigate this effect.
4. Within forty-five days of receiving a copy of a project plan as described in condition 2 and after consultation with the Minister of Natural Resources, the Minister of the Environment may, by written notice to the Minister of Natural Resources which outlines his reasons, direct that an environmental assessment be prepared for the project in which event the project will not be exempt under this Order.

5. Where any activity which is the subject of this order is being carried out as or is part of another undertaking which is the subject of an exemption order under the Act, the activity exempt under this order shall be carried out in accordance with any terms or conditions in the other exemption order as well as the conditions in this order.
6. Where an undertaking which otherwise would be exempt under this Order is being carried out in connection with or is part of another undertaking for which an environmental assessment has been accepted and approval to proceed received, the undertaking shall not be exempt under this Order but shall be carried out in accordance with the approval to proceed.
7. This order expires on August 1, 1994 or such later date as the Minister of the Environment specifies by Notice in writing to the proponent and in *The Ontario Gazette*. O. Reg. 597/89.

ENVIRONMENTAL ASSESSMENT ACT

O. Reg. 598/89.

Exemption—The Corporation of the Town of Grimsby—GRIM-T-1/1.

Made—October 19th, 1989.

Approved—October 19th, 1989.

Filed—October 27th, 1989.

ORDER MADE UNDER THE ENVIRONMENTAL ASSESSMENT ACT

EXEMPTION—THE CORPORATION OF THE TOWN OF GRIMSBY—GRIM-T-1/1

Having received a request from The Corporation of the Town of Grimsby that an undertaking, namely:

the proposal to expand the existing contours and landfill site currently approved under Provisional Certificate of Approval No. A 120 601 (the Park Road sanitary landfill site) located in Part of Lot 2, Concession 6, at the intersection of Park Road (South) and Sobie Road (North) in the Town of Grimsby, The Regional Municipality of Niagara, for the disposal of domestic, commercial and non-hazardous solid industrial wastes in accordance with the proposal dated February, 1986 by the Proctor and Redfern Group

Having been advised by the Town of Grimsby that if the undertaking is subject to the application of the Act, the following injury, damage or interference with the persons and property indicated will occur:

- A. The Town has limited disposal capacity remaining under the current licence for use under the management of a joint board for wastes from the Town of Grimsby and the municipalities of Lincoln, Pelham and West Lincoln and delay in implementing an interim expansion would cause damage to the municipality. An environmental assessment for a waste management system has been underway since July, 1983.
- B. Other available options for interim waste management which were evaluated and which would not require an approval under the Act would result in significant increases in costs, over and above what the users of the site can bear.

Having weighed such injury, damage or interference against the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

The undersigned is of the opinion that it is in the public interest to order and orders that the undertaking is exempt from the application of the Act for the following reasons:

- A. The expansion of existing contours of the existing Park Road waste disposal site is an interim measure for which there are no other reasonable waste management alternatives which can be implemented within the necessary timeframe.
- B. The proposal to increase the existing contours of the Park Road landfill site is not a major undertaking and would have no significant adverse effect on the environment as defined by the *Environmental Assessment Act* including adjacent persons or property. The waste disposal site has been in operation since before 1971 and is an established and accepted land use. Interim alternatives have been evaluated including waste export. It was concluded by the Town of Grimsby that these alternative options are not suitable as an interim solution.
- C. The existing waste disposal operation is outlined under Provisional Certificate of Approval No. A120601 and the interim expansion of the Park Road site is subject to the requirements of the *Environmental Protection Act*. Pursuant to this Act, a public hearing was held and a decision granted April 5, 1989. This hearing gave local residents the opportunity to provide input to the

be exempt from the application of the Act pursuant to section 29; and

Environmental Assessment Board on the technical aspects of this proposal.

- D. The public has been informed about the exemption and an initial meeting took place on April 16, 1985. A series of meetings and letters transpired with the Public Advisory Committee, HELP group and other local residents. Subsequent to the consultation process, the public accepted the seeking of this exemption based on conditions they proposed at the EPA hearing. No review agency expressed any concerns over the issuing of the exemption.

This Exemption Order is subject to the following terms and conditions:

1. No waste shall be deposited at the site after the earlier of the date on which the final contours shown on Map Number 4 of the supporting documentation to an application for a Certificate of Approval for interim expansion and site closure as prepared by Proctor and Redfern Limited are reached or a date on which sufficient alternate capacity is available to receive waste from the Town of Grimsby, the Town of Lincoln, the Town of Pelham and the Township of West Lincoln at another site within the areas comprising the geographical boundaries of Grimsby, Lincoln, Pelham and West Lincoln.

If the alternative capacity is available prior to the date on which final contours are reached, then this condition shall not prevent the Town of Grimsby from placing "inert fill" and final cover material at the landfill site until such time as the final contours on the above-noted Map Number 4 are reached.

2. The site shall be developed, operated and closed in accordance with any terms and con-

ditions attached to any approval for the expansion of the site.

3. A liaison committee consisting of members of the Management Board of the landfill site and members of the public shall be established to:
 - (a) to provide public input with the operation and maintenance of the landfill site pursuant to the terms and conditions of this Order,
 - (b) recommend solutions for any problems that may arise during the operation of the site, and
 - (c) report through minutes of committee meetings on the operation of the site, the compliance with conditions of this Exemption Order and the activities of the liaison committee to the Ministry of the Environment's Regional Director, West Central Region and the Ministry's Director, Environmental Assessment Branch, semi-annually.
4. Where an activity which otherwise would be exempt under this Order is being carried out in connection with or is part of an undertaking for which an environmental assessment has been done and approval to proceed received, the activity shall not be exempt under this Order, but shall be carried out in accordance with approval to proceed.
5. Exemption Order GRIM-T-1 filed on the 7th day of May, 1986 as Ontario Regulation 258/86 is hereby amended. O. Reg. 598/89.

MOTOR VEHICLE TRANSPORT ACT, 1987

MOTOR VEHICLE TRANSPORT ACT, 1987, PART II TRUCK APPLICATIONS:

The following are applications for extra-provincial truck transport operating licences under Part II of the Motor Vehicle Transport Act, 1987,

S.C. 1987, Chapter 35. These Applicants have been found to meet the fitness requirements pursuant to Section 8(2) of that Act and the provincial transport board for Ontario proposes to issue the licences if no objection is served on the Applicant and filed with the Registrar of Motor Vehicles with the prescribed filing fee, within twenty-nine days of this publication.

EXTRA-PROVINCIAL APPLICATIONS:

NOTE: Where the application is for a licence other than a corridor operating authority, an interested person who serves and files an objection must also provide the Ontario Highway Transport Board with written evidence, within thirty-nine days of this publication that satisfies that Board that, in the absence of evidence to the contrary, the operation of the undertaking in respect of which the licence is sought would likely be detrimental to the public interest.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.

MOTOR VEHICLE TRANSPORT ACT, 1987

INTRA-PROVINCIAL TRUCK APPLICATIONS:

The following are applications for operating licences under Part III of the Motor Vehicle Transport Act, 1987, S.C. 1987, Chapter 35. These applicants have been found to meet the fitness requirement in like manner to section 6 of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and the provincial transport board for Ontario proposes to issue the licences unless a person, within thirty days of this publication, serves on the Applicant and files with the Registrar of Motor Vehicles with the prescribed filing fee, a written request for a fitness hearing or a public interest test in like manner to Subsection 7(4) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64.

NOTE: A person who requests a public interest

hearing must, within thirty-nine days of this publication, serve on the Ontario Highway Transport Board a document that makes out a written case to the Board that the granting of the operating authority applied for would be likely to have a significant detrimental effect on the public interest using the criteria set out in subsection 10(1) of the Truck Transportation Act, 1988, S.O. 1988, Chapter 64, and that the request is not frivolously made.

* Indicates a person who has applied for licences under both Part II and Part III of the Motor Vehicle Transport Act, 1987.
